# SPRINGSIDE DAHLIAS

1933

Springside Dahlia Gardens NEW HAMBURG NEW YORK

### Foreword

This year instead of a regular catalog we are sending you this little leaflet with the hope that it will help you choose your dahlias for 1933. We are listing only those which we consider the finest of its type, with good growth, extra fine stems, (one of our biggest hobbies), and insect resisting. They are of a great variety of shapes, sizes and colors. We would advise your trying some of the new Miniatures, Stellas, and Singles; they are all so lovely in the house.

We grow many varieties not listed here. If you do not find what interests you, write us. We also will be glad to answer, to the best of our ability, any questions you may have.
